1.2 Major Programming Decision Makers

Jump to question: 1.2

Please report by gender and ethnic or racial group the headcount of full-time employees having responsibility for making major programming decisions. Include the station general manager if appropriate. Major programming decisions include decisions about program acquisition and production, program development, on-air program scheduling, etc. This item should result in a double-counting of some full-time employees; employees having the responsibility for making major programming decisions should be included in the counts for this item and again, by job category above, in the full-time employee Question 1.1.

Of the full-time employees reported in Question 1.1, how many, including the station general manager, have responsibility for making major programming decisions?

6.1 Telling Public Radio's Story

The purpose of this section is to give you an opportunity to tell us and your community about the activities you have engaged in to address community needs by outlining key services provided, and the local value and impact of those services. Please report on activities that occured in Fiscal Year 2013. Responses may be shared with Congress or the public. Grantees are required to post a copy of this report (Section 6 only) to their website no later than ten (10) days after the submission of the report to CPB. CPB recommends placing the report in an "About" or similar section on your website. This section had previously been optional. Response to this section of the SAS is now mandatory.

Joint licensee Grantees that have filed a 2013 Local Content and Services Report as part of meeting the requirement for TV CSG funding may state they have done so in the corresponding questions below, so long as all of the questions below were addressed as they relate to radio operations in such report. You must include the date the report was submitted to CPB along with the TV Grantee ID under which it was submitted.

1. Describe your overall goals and approach to address identified community issues, needs, and interests through your station's vital local services, such as multiplatform long and short-form content, digital and in-person engagement, education services, community information, partnership support, and other activities, and audiences you reached or new audiences you engaged.

In the past year we have changed the focus of our radio program, The Commonwealth Journal, to better serve the needs of the residents of the state of MA, by having guests that are impacting our community, such as local politicians & community outreach organizers. We have also worked with various public service organizations to post their events on our community online calendar, which we direct listeners to during our programming.

2. Describe key initiatives and the variety of partners with whom you collaborated, including other public media outlets, community nonprofits, government agencies, educational institutions, the business community, teachers and parents, etc. This will illustrate the many ways you're connected across the community and engaged with other important organizations in the area.

We have worked with the Student Affairs department of the University of Massachusetts to create a student run internet radio station, "The Beacon". This project has allowed students the opportunity to learn about a variety of radio formats and music genres and is providing them with valuable experience and knowledge of public radio.

In partnership with the Berklee College of Music and the Department of Conservation and Preservation we produce a month long live music series on Carson Beach in South Boston. The series runs 4-weeks each August.

Parklas students norform in a live chow each week allowing us to bring music

3. What impact did your key initiatives and partnerships have in your community? Describe any known measurable impact, such as increased awareness, learning or understanding about particular issues. Describe indicators of success, such as connecting people to needed resources or strengthening conversational ties across diverse neighborhoods. Did a partner see an increase in requests for related resources? Please include direct feedback from a partner(s) or from a person(s) served.

We have partnered with Berklee College of Music on their series, and various public events that take place througho events bring local musicians the opportunity to play to aud not have the chance to, and for community members to exof charge, that they might not have had the opportunity to I Through these events we have also partnered with the DC Department of Conservation and Recreation, as some of tat some of their locations (local beaches and parks).	ut Boston.
